POLICY STATEMENT

The Board encourages maximum use of school premises and grounds for the benefit of the community.

POLICY

The Board supports the principle of total community use of schools and grounds before and after the hours needed for school use. Where there are community-run facilities, the Board will not, except by prior arrangement with the community, accommodate those activities from which the community derives an income.

When possible, the Board will make facilities available to the Coast Mountain College and other provincial educational organizations for educational programs.

When possible, the Board will make facilities available to the local government for recreation courses. The Board encourages the use, without charge, of school grounds and playing fields by local community youth sports groups, adult sports groups, and athletic groups.

In accordance with Ministry of Education requirements, the Board promotes the use of board-owned property by licenced child care providers between the hours of 7:00 a.m. and 6:00 p.m. on weekdays, provided that the space is not required for K-12 education programs, early learning programs, or extra-curricular activities.
